HIN: YAMCD453J920

Dimensions: 0.00in x 0.00in x 0.00in

Price: \$57,000.00

Short Description

With twin Yamaha 180 HO motors.

Description

Looking for a fun boat for water sports. This Jet boat is fast. This boat is powered by twin Yamaha 180hp high output motors. Unlike most jet boats this boat has a rudder. The rudder allows the boat to track better and gives you the ability to steer the boat at low speed when not under power. There are three ballast tanks to help create the perfect wave. The ballast is controlled by either a joystick or touch screen. This also has a watersports tower with a removable bimini. There is Fusion Stereo with tower mounted sound bar, subwoofer, 500-watt Amp and six Polk audio speakers. The Stereo can be controlled from both the helm and/or from the stern of the boat. With a capacity of 10 you can take lots of friends or the whole family.
