Dimensions: 0.00in x 0.00in x 0.00in

Price: \$53,339.00

Short Description

Paired with 70 H.P. Yamaha

Description

The Edendriver: Performance Meets Elegance

Built to handle chop and strong tides with ease, the Edendriver combines rugged capability with timeless style. Whether you're heading out for a day of fishing, using it as a refined sport tender, or exploring quiet harbors and inland lakes, this versatile vessel rises to the occasion.

Comfort and convenience come standard. Features include **hydraulic steering** for smooth control, a **Yeti cooler** for all-day refreshments, and a **wireless waterproof phone charger** to keep your devices powered and protected.

Powered by a reliable **70 horsepower Yamaha outboard**, the Edendriver offers all the performance you need. And thanks to its **lightweight 1,020-pound dry weight**, it's simple to tow, launch, and store—making every trip easy from start to finish.
