Short Description
With Yamaha VF150XB Outboard and Trailer

Description
The 2026 Alumacraft Competitor 175 Sport FSX with Yamaha VF150XB and trailer is a versatile aluminium fishing boat package built for anglers and families who want confident performance, smart comfort, and easy towing in one ready-to-go set-up. At 17 feet 8 inches, the Competitor 175 Sport FSX offers a practical full-windshield layout that helps protect passengers from wind and spray, while the spacious deck design gives you room to cast, relax, and move comfortably whether you are chasing fish at first light or cruising back to the launch with the family after an afternoon on the water. The Yamaha VF150XB outboard adds strong acceleration, dependable power, and responsive handling, making it well suited for pulling away quickly, covering larger lakes, and handling changing conditions with ease. With thoughtful storage, livewell capacity, comfortable seating, and a matching trailer included, this boat package is designed to make ownership simple from day one: hook up, launch, and enjoy more time where it matters most.
