Short Description

With Yamaha F70LA

Description

The **EdenDriver 17 with Yamaha F70LA** is a smart, capable pairing for boaters who want easy handling, dependable performance and plenty of versatility in a compact package. At 17 feet, the EdenDriver offers a practical layout for relaxed family cruising, fishing trips or exploring sheltered waters, while the **Yamaha F70LA outboard** delivers smooth, efficient power with the trusted reliability Yamaha is known for. Whether you are setting off for a quiet morning on the water, towing light leisure gear or simply enjoying a sunny afternoon cruise, this combination feels balanced, responsive and reassuring at the helm. The F70LA's lightweight design helps maintain excellent fuel economy without sacrificing lively acceleration, making the EdenDriver 17 an appealing choice for new boat owners and experienced skippers alike. With its manageable size, economical running costs and confident performance, the EdenDriver 17 powered by a Yamaha F70LA is a great option for anyone looking for a fun, practical and easy-to-own boat.
