Short Description
With Yamaha F90LB & Trailer

Description
The **2027 G3 17 CCJ DLX** is built for boaters who want a tough, easy-handling centre-console jet boat that feels at home exploring skinny water, winding rivers and tucked-away fishing spots where conventional prop-driven boats may hesitate. Designed with practicality in mind, this model is ideal for anglers, families and outdoor enthusiasts who value durability, open deck space and dependable performance in changing conditions.

Key highlights include:
• **Shallow-water confidence** for navigating rivers, creeks and flats with greater peace of mind.
• **Centre-console layout** that gives the driver excellent visibility and creates a more open, workable deck.
• **Durable aluminium construction** suited to regular use, easy maintenance and rugged adventures.
• **Angler-friendly design** with practical space for casting, storing gear and spending longer days on the water.
• **Versatile boating appeal**, whether you are chasing fish at first light, cruising with friends or discovering a quiet backwater spot for the afternoon.
