

# 2027 G3 1236 - Desert Brown

**Make:** G3

**HIN:** 10774

**Dimensions:** 11.11ft x 0.00ft x 0.00ft

**Price: \$0.00**

## Description

The 2027 G3 1236 is a straightforward choice for boaters who want a compact aluminium jon boat that is easy to handle, simple to transport and practical for calm-water adventures such as fishing, pond hopping or running shallow creeks. Its appeal is in its no-fuss design: the 1236 size typically points to a 12-foot class boat with a narrow, efficient beam, making it well suited to solo outings or light-duty trips with minimal gear. Key points to consider include:

- Ideal use: small lakes, sheltered rivers, farm ponds and backwater fishing spots.
- Easy ownership: lightweight construction can make launching, loading and storage more manageable.
- Simple layout: open space is useful for tackle, a cooler, safety kit or a portable seat.
- Power options: often paired with a small outboard or electric trolling motor, depending on local regulations and capacity ratings.
- Buyer tip: always confirm the exact 2027 specifications, weight capacity, motor rating and available features with an authorised G3 dealer before purchase.

## Specification

| Unit Definitions   |              |
